

An abstract painting featuring a dense, textured composition of brushstrokes. The color palette is dominated by various shades of green, from deep forest green to bright lime green, interspersed with vibrant blue and pale yellow. The strokes are thick and expressive, creating a sense of movement and depth. The overall effect is a rich, layered visual experience.

## Patria en Pinceladas

Pintar los paisajes de mi país desde la perspectiva de un artista, impregnados de las emociones abstractas de mi amor por esta tierra que ha soportado tanto, pero siempre ha resurgido con dignidad y fuerza, es revelar todas las heridas de mi vida e impregnarlas con la esperanza de mis colores.

Esta patria mía, que irradia nada más que belleza a pesar de todos los ataques contra su paz, es un profundo mensaje de amor y resiliencia para el mundo. Sus paisajes serenos, el azul de su cielo y el verde de su naturaleza, el mar y la espuma, las montañas donde se cobijan magníficas casas de tejados rojos, las manadas de ovejas y los árboles, la fauna y la flora, los pinto todos con el fervor de mi pincel. Porque dentro de mi visión simple y serena reside la fortaleza de esta tierra sagrada.

A woman with long dark hair, wearing a white tunic and a light blue scarf, is sitting on a wooden stool. She is smiling and looking towards the camera. She is holding a paint palette in her left hand and a brush in her right hand. In front of her is a large easel with a canvas. The canvas shows a colorful, abstract landscape painting with a blue sky and various colors representing the ground and buildings. The background is a stone wall.

## Home in Brushstrokes

To paint the landscapes of my country from my artist's perspective, infused with the abstract emotions of my love for this land that has endured so much, yet always risen with dignity and strength, is to unveil all the wounds of my life and imbue them with the hope of my colors.

This homeland of mine, which radiates nothing but beauty despite all the assaults on its peace, is a profound message of love and resilience to the world. Its tranquil landscapes, the blue of its sky and the green of its nature, the sea and the foam, the mountains where magnificent red-roofed houses nestle, the herds of sheep and the trees, the fauna and flora – I paint them all with the fervor of my brush. For within my simple and serene vision lies the strength of this sacred land.

Award winning artist Zeina Nader was born in Lebanon. After graduating from the Saint Joseph University in Beirut with a degree in Communication Arts, she chose to pursue her true loves of painting and writing rather than a promising career in theater, cinema and photography, although she believes that all arts communicate.

Zeina has exhibited her work, in solo, duo and collective shows, all around the world in cities such as New York, Tokyo, Paris, London, Madrid, Milan, Monaco, Copenhagen and Bruges to name a few. In 2022, she celebrated her hundredth exhibition, which took place in Barcelona.

She is also an author and has published four books about her art and travels. She is an art columnist at the international media: Ici.Beyrouth (in French) and This is Beirut (in English).

She speaks 5 languages and teaches art to students of all ages.

One of her large masterpieces (Acrylic on canvas, 150 cm x 150 cm), was officially acquired by the Peoria Riverfront Museum in the USA to be in their permanent collection.

Another painting (Acrylic on jute, 200 cm x 100 cm), was recently acquired by the London School of Economics in the UK, to be displayed among their permanent public art collection. Her two art books are also now part of the public library of the same university.

Other artworks by Zeina are among several public and private collections, in Lebanese embassies and in the Presidential Palace in Lebanon.

To Zeina Nader, life itself is the greatest artwork to ever exist.
